

Flight Instructor Open Forum

Main topic: "Go-Arounds" -- When to, Plan for and "Do" -- 'What's happening out there', based on National accident data. Also, our on-going open discussion on better risk management and decision making practices in all pilots. The purpose: review how we teach these "live saving habits". This Forum meeting series DOES NOT RESULT in credit for CFI renewal.

Directions: Take I-80 to exit 442 (Giles Rd). Go North to Harrison. Left on Harrison to 132 Street. Right on 132 to Millard Airport entrance, about 1/4 mile on the right, Hanger One facilities.

A message from the National FAASafetyTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
